

Bioflow®

DOG & CAT COLLARS

The natural alternative to pain relief for your pet

Owners of animals wearing Bioflow® collars have endorsed its remarkable ability to relieve pain. The need for drugs has been reduced and in many cases eliminated.

Bioflow® uses a strong concentrated magnetic field, Central Reverse Polarity® to mimic the expensive professional equipment used by physiotherapists. This technology is patented to us and no similar device exists.

Bioflow® collars can help with

Arthritis, Joint Pain, Back Pain,
Hip Dysplasia, Sciatica, Skin
Conditions, Stress, Renal
Problems, Bowel Disorders,
Anxiety,
Old Fractures
and Stiffness.

**Approximately
25-30% of
dogs suffer
from arthritis**

**7 out of 10 cats
suffer from
compromised
joint health**

Our strong nylon **Bioflow**[®] Dog Collars are available in three colours, black, olive green and yellow and in two sizes, small and large. Small fits neck measurements up to 45cm and large fits up to 65cm. Collars are fully adjustable to ensure a comfortable fit.

Our lycra and rubber **Bioflow**[®] Cat Collars are fitted with a bell and buckle fastening making them fully adjustable to fit all sizes.

“Eighteen months ago my border collie was diagnosed with arthritis and prescribed expensive long term drugs. I was devastated as he was just two years old. I decided to search for an alternative treatment and a family member suggested a Bioflow[®] Dog Collar. Although sceptical, I purchased the collar and within a month I was able to take him off the medication. The results have been amazing – over a year has passed and there have been no signs of discomfort.”

Mrs C, Cleveland

“In my professional experience animals don’t lie and I have seen too many positive results with **Bioflow[®] to doubt its beneficial effects”**
